Big Changes

There are some huge changes in August for USA Land and Ranch. We have the pleasure of announcing a new real estate agent has joined our team AND we have moved locations!

Jeremy Jones

Jeremy is a licensed real estate agent and a certified professional property manager. His major focus is working with investors to grow their real estate portfolio, property management, BPOs and Foreclosure consultation. Jeremy's interest in Real Estate began at an investment company in Dallas, Texas and led him to work as a leasing agent at traditional apartment complexes as well as student housing, followed by working as a mortgage consultant, helping families avoid foreclosures and keeping families in their homes.

He is finishing up a degree in International Economics at Texas Tech University and plans to continue growing his business in Texas and becoming one of the top real estate agents.

"We are very excited and proud to welcome Jeremy Jones to our team!"

-Dirk van Reenen

We've moved!

For the past few years, USA Land and Ranch has been housed in the WT Enterprise Center. Although WTEC has been a great home for us, we are excited to announce that we have moved to our own building. We are now located at 1840 N. Western, just south of WTEC. Our business hours are 8:00 am to 5:00 pm, and as always, we look forward to serving your real estate and auction needs in the Amarillo area and beyond!

Our Current Team

Dirk van Reenen, Sr.—Owner, Agent, Auctioneer, Ringman

Kim Kraaier—Business Manager

Trent Jones — Auctioneer, Bid-Caller

Kevin Baker — Bid-Caller
